

## An internet we trust

Exploring reliability in the online world

Safer  
Internet  
Day 2021

UK Safer  
Internet  
Centre

## How to use this pack Ages 11-14

This Safer Internet Day Education Pack for 11-14 year olds is designed to be adaptable and accessible to support all learners in exploring this year's theme **'An internet we trust: exploring reliability in the online world.'**

It allows learners to engage with the resources in a way that suits their needs and preferred ways of working. Suggestions for adaptations are included throughout to support or stretch learners within each age group as well as learners with Special Educational Needs or Disabilities.

This pack contains:

<b>Lesson Slides</b>	This 1 hour lesson aims to help learners identify unreliable content online and evaluate how this makes them feel.
<b>Lesson Plan</b>	These support the Lesson Slides.
<b>Assembly Slides</b>	This 20 minute assembly is for a large group of learners and aims to explore trust online.
<b>Assembly Script</b>	Supports the Assembly Slides.
<b>Activity Menu</b>	A bank of activities to run with any number of learners, from pairs up to a large group. Activities vary in length, from 10 minutes, to as long as you have available.
<b>Campaign Activities</b>	Tips on how your school/organisation can spread the word about Safer Internet Day both online and offline, plus a printable social media template to customise and share.

All the materials are designed to:

- Be visually accessible (clear fonts, sensitive colours, subtitles where necessary).
- Be flexible to different learning needs (different delivery suggestions are provided).
- Reflect everyday online experiences that learners recognise and understand.
- Revisit key concepts and vocabulary in different ways across each part of the pack.
- Encourage learners to demonstrate their understanding in a variety of different ways.

Exploring reliability in the online world

Safer  
Internet  
Day 2021

UK Safer  
Internet  
Centre

This pack can be used in different ways depending on the time available:

If you have time for ...	Why not try...?	Using...
<b>An assembly</b>	Delivering the assembly, using the questions to hold discussions with your learners.	<ul style="list-style-type: none"><li>• Assembly Slides and Script</li></ul>
<b>Form time/registration time activity</b>	Running a quick activity. You could choose a different activity to complete each day of the week.	<ul style="list-style-type: none"><li>• Activity Menu</li></ul>
<b>A lesson</b>	Delivering the lesson plan. Or you could combine several short activities into a lesson.	<ul style="list-style-type: none"><li>• Lesson Slides and Lesson Plan</li><li>• Activity Menu</li></ul>
<b>A whole day or week of activities</b>	Choose a selection of activities to run with your whole school/organisation. Learners could create a presentation about what they've been working on for parents and carers to involve them too.	<ul style="list-style-type: none"><li>• Lesson Slides and Lesson Plan</li><li>• Activity Menu</li></ul>

For more ideas, see the Educators' Pack.

*Disclaimer on content: All examples in these resources, whether used as an example of unreliable or trustworthy content, have been created for this Education Pack, unless credited otherwise. Educators are welcome to explain this to learners in the context of the learning objectives, where appropriate.*
