## Get onboard with Safer Internet Day!

Tuesday 8th February 2011

This year's theme is...

**Virtual Lives - It's more than a game, it's your life**

Visit [www.saferinternet.org.uk](http://www.saferinternet.org.uk) or [www.childnet.com](http://www.childnet.com) to find out more about how you can support Safer Internet Day 2011

## It's more than a game, it's your life...

### What does it mean?

We teach young people from a very early age about being a good friend and a good citizen. At school, children are encouraged to be aware of school rules and to adhere to classroom codes of conduct. Then why do we see some children forgetting these rules when they go online through a computer, laptop, games console, music or mobile device?

For this year's Safer Internet Day, the UK Safer Internet Centre challenges your school to:

- ★ Investigate the sorts of experiences your pupils are having online—what are the most popular online activities in your school?
- ★ What sort of rules do you pupils think apply to the online environment? E.g. be a good friend, tell the truth, follow age limits, ask for adult help etc. Are these very different from the offline environment—e.g. don't run in the corridors?
- ★ Do your pupils understand what happens when we put information on the internet? E.g. it can last forever!
- ★ Display the poster in this pack to raise awareness of Safer Internet Day and get your pupils to start thinking about how we can make the internet an even greater and safer place!
