Get onboard with Safer Internet Day!

Tuesday 8th February 2011

This year's theme is....

Virtual Lives - it's more than a game it's your life

Visit www.saferinternet.org.uk or www.childnet.com to find out more about how you can support Safer Internet Day 2011

It's more than a game it's your life...

What does it mean?

We teach young people from a very early age to be a good citizen. At school children are encouraged to be aware of school rules and to adhere to classroom codes and conducts. Then why do we see some young people forgetting these rules and regulations when they go online through a computer, laptop, games console or mobile device?

For this year's Safer Internet Day the UK Safer Internet Centre challenges your school to:

- ★ Investigate the sorts of experiences young people are having online—what are the most popular online activities in your school?
- ★ Analyse the differences and similarities between online and offline activities and experiences.
- ★ What sort of rules and laws apply to the online environment?
- ★ Do pupils understand what happens when we put information on the internet? Once you post something online it's there forever!
- ★ Display the poster in this pack to raise awareness of Safer Internet Day and get your pupils to start thinking about how we can make the internet an even greater and safer place!

Visit www.saferinternet.org.uk and www.childnet.com for more information!

Your SID pack includes:

Poster to start discussion and to promote SID 2011.

4 quick activities

1 in depth lesson plan that complements this years theme of virtual lives.

Support materials for activities
