

This Safer Internet Day we are encouraging everyone to play their part in building a better internet.

Children and young people, schools, parents and carers, and organisations all across the UK are invited to make a pledge to do something great and positive online this Safer Internet Day using the hashtag **#ItStartsWithUs**.

### Here is how to get involved:

1. Use the **jigsaw template** and fill in a pledge to do something positive online. It could be a picture of the kind things you will do online or a pledge to take a positive action to make the internet a better place. The jigsaw shows how your actions fit in with the actions of those around you, to create a better internet.
2. Take a photo of your pledge and share it on your organisation's Twitter, Facebook, Instagram and any other social media platform with the hashtag **#ItStartsWithUs**. The templates can also be used to create a display.
3. Get your friends, family, and colleagues involved too!
4. Any photos shared on Twitter using the #SID2018 hashtag may be retweeted by the UK Safer Internet Centre to our followers and is a great way to get your school/ organisation's message seen by a wide audience. Only photos sent from school/organisation Twitter accounts will be retweeted.

**Important: Please ensure that you have the appropriate media consent from parents for any children appearing in the photos.**
